### **Free Early Education Entitlement for 3-4 years olds (funded 3-4 years)**

According to our terms and conditions as detailed in the agreement between the provider and parent on the enrolment form, parents can choose to divide the 15 free funded hours in one of 2 ways; either 3hours per day for five days or 5hours per day for 3 days, but they cannot choose a mixture of 3 and 5 hour days. Any extra time over the 3 or 5 hours per day in case the child claims the 15 free hours, is chargeable to the parents at the above rates. Exceptions are accepted upon agreement with the principal for children attending fewer hours than the 15 hours and for children attending two settings.

Kind regards
